Stage 2 Design Technology – Skills Task 1

The Year 12 Tech students were busy in Term 1 completing their bedside table projects.

The students had to follow a set design for the carcass but they used their skills and imagination to create the feet/legs for the bedside table. As you can tell from the photos, the students have created some excellent work and I’m extremely proud of their efforts on this task . They should be proud of the product they have created.

Kindy News

Dear Families,

This term, we are investigating place and space (an area of numeracy). This has been an ongoing interest, particularly when focusing on areas such as mapping, communities and our homes. This week, we have been reading *We're Going on a Bear Hunt*. Whilst reading,

we have drawn our own map of the route the family take to find the bear. The next step will be following the map to see if we can find our own bear at Kindy! Moving forward, we are also going to map the route we take to get to Kindy, as well as mapping around the town. This is a very exciting project that we believe will continue over the course of this term. Happy learning!

From the staff at Booleroo Kindy and Rural Care

School News

Primary classes have now embraced Sounds Write. Children are using target sounds to read and spell. The focus skills are blending, segmenting and phoneme manipulation.

For example, if the target sound is /ae/, children might be exposed to 5 ways to spell and read the /ae/ sound. How many ways do you know to spell the /ae/ sound? Feel free to submit your answer in writing to Jenni Caldwell for a mini prize. (Send in answers with your child.) Just thinking about all those ways, helps us understand how children feel when they are just being exposed to new learning. It can be overwhelming and needs plenty of opportunities for practice and review.

The primary team are slowly gathering resources to support children learning the skills of reading and writing. We have a range of decodable readers, Sounds Write work books and more.

We are extremely thankful for a very kind and generous donation of Phonics Books UK readers and work books from Sue Girdham and Melrose parent group. This kind donation will be used throughout each primary classroom. Thanks so much! We really appreciate being able to build up our resources to offer the children.

If you have any questions related to reading and spelling, please send them to home group teachers.

Thanks

Jenni Caldwell on behalf of the Primary Team

Career Information Expo

To achieve the best student outcomes, the Department for Education is partnering with Year13 to deliver the [Year13 Expo](#), a digital state-wide career expo that will be available for South Australian schools during National Careers Week and throughout the remainder of 2021.

The Year13 Expo will bring young people from across Australia together (virtually!) over three days during National Careers Week (May 17 - 19) to explore their post-school options. Live sessions will be available daily from 4pm. On-demand videos, webinars and exhibitor booths will be available 24/7 during the Expo and throughout 2021!

This is a great opportunity for your students to learn directly from employers about career pathways across a wide range of industries and occupations, including those linked to Flexible Industry Pathways. South Australian industry partners include, but are not limited to:

[Master Builders South Australia](#)
[BAE Systems](#)

[Naval Group Australia](#)

[Chartered Accountants Australia and New Zealand](#)

[Naval Shipbuilding College](#)

[Restaurants and Catering SA](#)

[Master Plumbers South Australia](#)

[National Electrical and Communications Association \(NECA\)](#)

[Motor Trades Association SA/NT](#)

[Food SA](#)

[Rising Sun Pictures](#)

[Axiom Precision Manufacturing](#)

[Viterra](#)

[SA Hair and Beauty Association](#)
[Australian Nursing and Midwifery Education Centre](#)

[Leading Age Services Australia](#)

[Australian Childcare Alliance](#)

[Oysters SA](#)

[Timberlink](#)

[Outside Ideas](#)

[Australian Maritime & Fisheries Academy](#)

[Civil Contractors Federation SA](#)

[Accenture](#)

[Data#3](#)

[Tourism Council of South Australia \(TiCSA\)](#)

[Australian Dental Association SA](#)

The Expo is Australia's biggest online careers event that allows youth, parents and educators to engage directly with education, employment and travel providers. Alongside exhibitors there will also be an exciting range of industry sessions and on-demand content for schools.

Year13 guest speakers include:

- Dr Karl Kruszelnicki | Doctor, scientist & author
- Stephen Scheeler | Former CEO @ Facebook ANZ
- Brenton McKenna | Award-winning Indigenous graphic novelist
- Will Hodgett | Former Creative Director @ Go Pro
- Laura Enever | Pro-surfer and World Champion
- Scott Farquhar | Co-founder and Co-CEO @ Atlassian

Wellbeing News

Over the past two weeks all students have been part of a presentation on Cyber Safety. Snr Constable Ashlee Bowman presented the Think U Know program to students. Think U Know is an educational program led by the Australian Federal Police.

I only had the opportunity to sit in on the Year 7/8 presentation which was so eye opening and some of the topics presented included:

- Sharing, viewing and accessing harmful and illegal content
- Child grooming
- Sexual extortion and image abuse
- Cyber bullying
- Social networking and meeting people online
- Online gaming

Password phrases

Technology is such a big part of our student's lives and students understanding how to use this safely is so important. Please take some time over the weekend if you haven't already to have a chat with them about what they learnt from the presentation.

Next week I will promote a parent information session which we will be holding in the evening later in the term. Please keep your eye out for this date.

More details about the program Think U Know and some great resources for parents can be found at:

www.thinkuknow.org.au/

Another website that was recommended was the

www.esafety.gov.au and more specifically a document to download called : E safety parent guides to popular apps.
